Hebei Yipeng Line Equipment Manufacture Co., Ltd
河北颐鹏线路器材制造有限公司

>>> About Us

HEBEI YIPENG LINE EQUIPMENT MANUFACTURE CO., LTD. is a high-tech enterprise specialized in the production, R&D and sales. It located in the famous "Capital of Electric" in China-Shahe, nearby 107 National road, Handan airport and the railway station.

The company founded in 1995, we are professional manufacturer in Electric Power Fittings, especially on aerial overhead line fitting and insulating fitting, Composite Insulators, Arrester, Drop-Out Fuse Cutout, Electrical Equipment such as power transmission and distribution products. The factory occupies a land area of 8000m², having more than 300 Staffs, including 40 professional Technician.

The factory has a team of strong technical force, advanced craft, complete inspection equipment. Our products have passed test by CECP's Power Fitting Test Lab Electricpower industry- Electrical equipment quality test center and Xi'an HV Research Institute. Our products' reliable quality and good performance have gained good reputation from domestic and oversea market. Besides, we have passed CE certificate, ISO 9001 system, with part of products up to some European and American industrially developed countries' level.

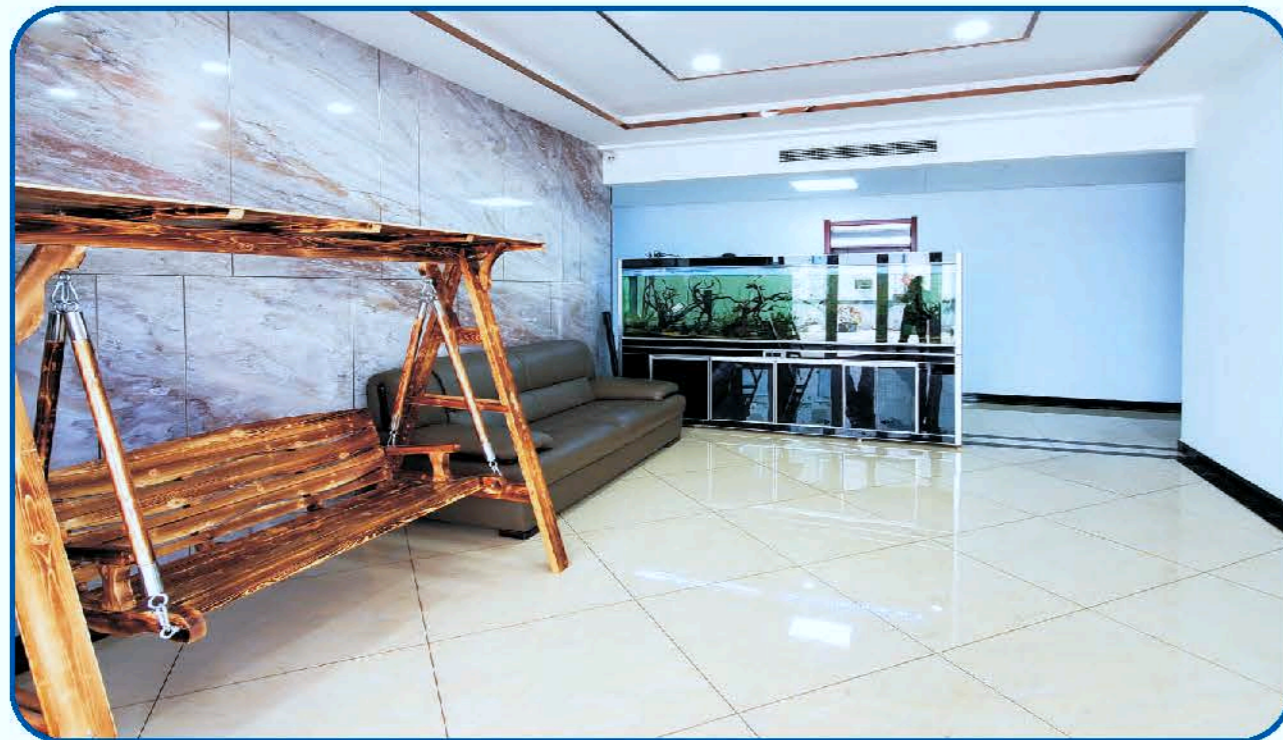

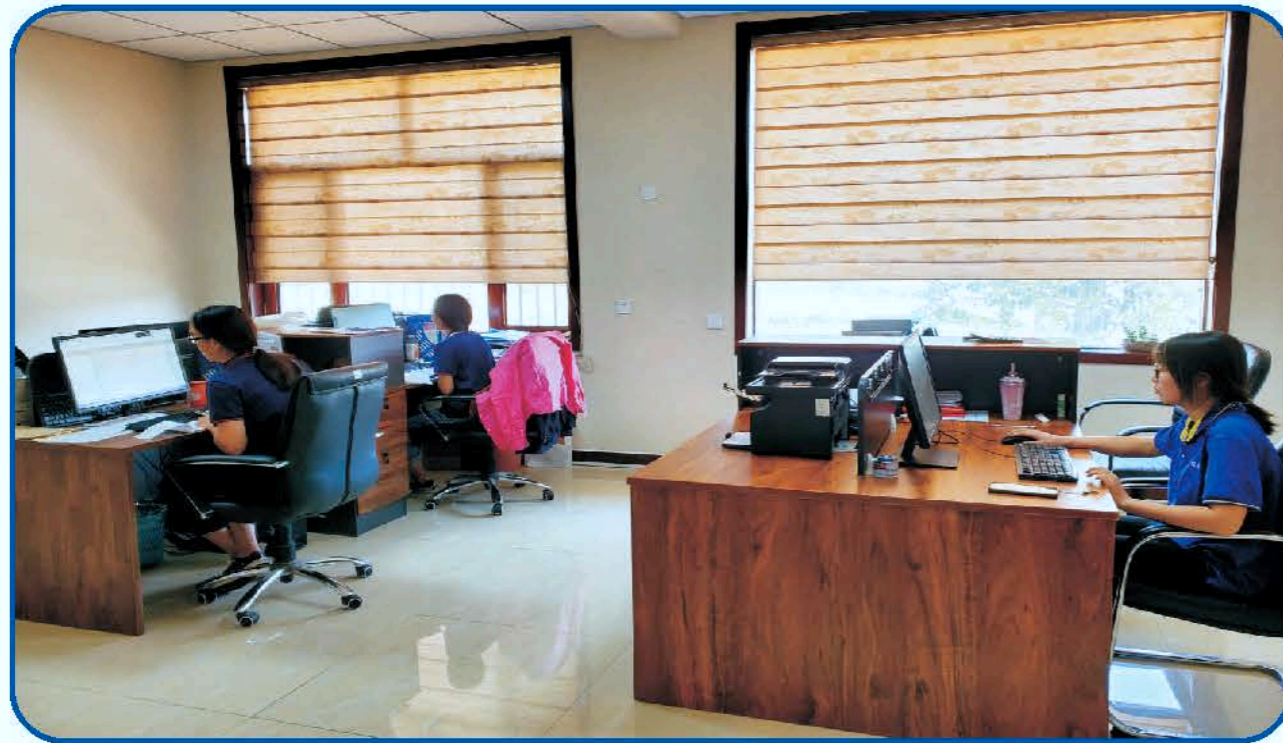

Our products have been exported to Asia, Oceania, North America, South America Middle east, Africa etc.

With standard enterprise management, flexible operation mechanism and excellent after-sales service, continuous innovation, make our company rapidly become one of the most potential and innovation enterprises. The company holds on principle of "quality is life, reputation is base", providing customers with high quality products and satisfactory service.

We warmly welcome friends from all over the world to discuss business and cooperate with us for the global power development!
